The order of the Dewan noted overleaf having been communicated in this office Docket No. 3532 / 2.737-99 of 30th ultimo, the Presidt in his Letter No. 3138/79 instant states, that owing to paucity of funds & the absence of information as to the actual balance available for 1900-01, after setting aside 25 per cent of the closing balance it was not possible to provide for original works in the original Budget for that year; that as the actual state of finance on 30th June 1900 was intimated by the Comptr only in Decr last provision was made therefor when revising the original Budget & the then Presidt sanctioned the works; and that this practice is stated to have long been in vogue and to have had the approval of Govt for some years past.

The Office begs to submit that this is opposed to the instructions conveyed in Govt Pro: No. 2342-77 / 2.2132-94 of 15th Feby 95 (a spare copy of which is herewith submitted) which enjoins that ~~the anticipation of~~ Govt sanction should be obtained for by wire in urgent cases before expenditure is incurred.

Sir,

With reference to your docket No. $\frac{3532}{L739.99}$ of the 30th ultimo, calling for an explanation as to why the Sanctioned allotments in the District Fund Budget under A and B, Public Works, for 1900-1901 was exceeded, I have the honor to state that owing to paucity of funds and the absence of information as to the balance that would become available for the revised

after setting aside 25 per cent of the closing balance as laid down in Government Proceedings No. 6161-70/157 of the 8th December 1889. It was not possible to provide funds in the original District Fund Budget for 1900-1901 under Public Works to be executed by the revenue agency. As the actual State of finance was intimated by the Comptroller only in December last after finally auditing the District Fund account for June 1900, provision was made therefor when revising the original budget. Accordingly, works were sanctioned by Mr. B. K. Venkatavaradayya, the then President.
